

PREMIER PRODUCT RANGE 2012

FOR THE GOLF DRIVING RANGE INDUSTRY

Call **01482 333 123** email: sales@i-kangc.com web: i-kangc.com

INTRODUCTION

i-KAN GC was founded in 2010 to service and provide premier products to the golf driving range industry.

We hold a large inventory of stock at our distribution centre in Hull which guarantees our customers quick and efficient service.

The management team has over 30 years experience developing, running and supplying golf driving ranges. This extensive experience is offered to all customers as part of our exceptional customer service.

We source a wide range of products from leading manufacturers as well as having bespoke products made in the UK.

We feel it's the premier range of products, offering our customers the best quality golf products at competitive prices.

i-KAN GC is part of IGD (International Golf Development) the company was founded 6 years ago to develop and promote golf.

Other companies in the group are:

European Golf - Specialists in the supply and installation of synthetic turf surfaces for adventure golf courses, short game areas and putting greens.

SNAG (starting new at golf) - A complete teaching solution to introduce adults and children to golf. SNAG incorporates easy to use golf clubs and soft balls to accelerate learning combined with teaching programmes developed and endorsed by Scott Cranfield.

Compact Golf Centres – Indoor or outdoor learning academies to offer all aspects of golf in restricted spaces. Compact Golf Centres are designed to offer players the opportunity to practice and improve every aspect of their game.

MATS

All our mats are sourced from the leading manufacturers and made from the finest knitted nylon turf. This is heat bonded to a soft layer of foam then welded to a hard layer to offer customers realistic feel and operators outstanding durability and value for money.

i-RANGE CLASSIC

DM06C

- 170cm x 170cm
- 4 tee holes
- 70 kgs

The best selling mat in Europe. Rubber crumb frame with ball slots and unique honeycomb base offering stability and shock absorption reducing stress on player's joints. 15mm knitted nylon surface offering outstanding feel & durability.

The 2 layer base provides stability and improved comfort.

i-RANGE PRACTICE

DM05G

- 150cm x 150cm
- 4 tee holes
- 15 kgs

The best selling mat in the UK. 15mm knitted nylon hitting surface bonded to a 2 layer base for improved play and stability.

i-RANGE TEACHING MAT

DM07T

- 150cm x 150cm
- 4 tee holes
- 15 kgs

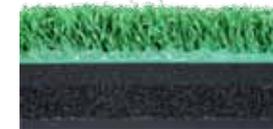

The ultimate alignment aid for teaching and practice. 15mm knitted nylon hitting surface with woven white lines for stance and arc. Heat bonded to a two layer base for realistic play and extended durability. Adds great value to any golf lesson.

i-RANGE PRO

DM05GP

- 150cm x 150cm
- 8 tee holes
- 20 kgs

Superior feel 15mm knitted nylon hitting surface bonded to a 3 layer base with a soft layer sandwiched between two layers of firm rubber. Offers outstanding feel, stability and durability.

The 3 layer base provides stability and improved comfort.

MATS

i-RANGE AIRFLEX MAT

DM04A

- 3 layer mat with great feel and easy on arms
- 16kg, 1500mm x 1500mm
- 15mm nylon knitted crimp grass layer
- 10mm elastic fibre + 10mm foam rubber
- 8 tee holes

i-RANGE SIGNATURE MAT - SINGLE

DM10-S

- Rubber base & surround
- 1550mm x 1240mm
- 30kg
- 2 tee holes
- Insert mat with logo or advertising

- Stance 15mm nylon knitted crimp
- Hitting 30mm nylon knitted weave

i-RANGE SIGNATURE MAT - DOUBLE

DM10-D

- Rubber base & surround
- 1860mm x 1240mm
- 50kg
- 4 tee holes, left and right hand
- Insert mat with logo or advertising
- Stance 15mm nylon knitted crimp
- Hitting 30mm nylon knitted weave

i-RANGE SIGNATURE MAT

This unique new product offers your customers two great surfaces to practice and perfect their game on. It has a 300mm square advertising panel that can be sold for a revenue stream or simply display the club logo or corporate message. Advertising panels can be replaced from as little as £29.50 each.

FIBERBUILT GOLF SYSTEMS

A flexible & adaptable golf mat system offering single and double insert mats with left hand and right hand options. These mats offer 2 different heights of hitting surfaces to recreate fairway and rough.

SINGLE MAT FRAME

FM01

- 150cm x 120cm
- 40kg

Single mat rubber frame for one hitting mat and one stance mat.

DOUBLE MAT FRAME

FM02

- 180cm x 120cm
- 50kg

Double mat rubber frame for one stance mat and 2 hitting mats for left hand and right handed play.

4 PANEL HITTING AREA

FM04

- 30cm x 120cm
- 8 tee holes
- 8kg

4 panel hitting area. 30mm knitted nylon offering realistic feel.

STANCE MAT

FM05

- 120cm x 120cm
- 16kg

Stance mat is 10mm nylon surface for fairway like practice.

MAT FRAMES

Improve the presentation of your driving range and save money. After the initial purchase you only ever need to replace the hitting insert. We offer 2 options, the classic frame and the mat frame. Both allow fixings to the ground to stop theft and any realignment by customers

i-RANGE RUBBER CLASSIC CRUMB

DF50

- 170cm x 170cm
- 50kg

100% recycled rubber crumb base with ball slots. Holds any standard 150cm x 150cm i-Range Mat. Outstanding value for money as well as aesthetically pleasing.

(mat not included)

i-RANGE MAT KEEPER

DF11

- 155cm x 155cm
- 35kg

A neat presentation solution that can be fixed to the floor stopping customers from moving the mat. Helps ensure you meet new health and safety requirements and customers are not within reach of accidentally hitting stanchions and other customers. Holds any standard 150cm x 150cm i-Range Mat.

TEES, TRAYS & BASKETS

High quality rubber tees offering outstanding durability. We offer 5 different heights to fit any depth of mat allowing the ideal weight to practice with both woods and irons.

TEES

- DT25+ Cross Tee 2.5+
- DT45 4.5cm
- DT55 5.5cm
- DT65 6.5cm
- DT75 7.5cm

CLASSIC BALL TRAY

DBT20

Made from 100% recycled hard wearing rubber. Offers great presentation and speeds up play.

FIBERBUILT BALL TRAY

FBT21

Offers an alternative to the classic rubber tray. Speeds up play.

PLASTIC BASKETS

We offer 3 sizes of basket made from a robust durable plastic with loop handle.

BALLS

We buy direct from the leading manufacturers in the Far East. Both our one piece and two piece balls offer fantastic feel and flight for realistic practice. Both have outstanding durability that delivers great value for money. All balls are available in yellow or white and can be personalised/printed with wording or company logos.

1 PIECE
DB01W / DB01Y

Our most durable range ball that offers outstanding value for money, maintains superior appearance and playability even after extensive use.

1 PIECE RFT
DB01WR / DB01YR

Offers the same outstanding durability and appearance as our 1 piece ball but flies just 80% distance, specially designed for short or narrow ranges.

FLOATER
DB02WF / DB02YF

2 piece ball with surlyn outer offers the same performance and appearance as the standard 2 piece ball but is designed to float for aqua ranges.

2 PIECE
DB02W / DB02Y

2 Piece 90 Compression ball with surlyn cover. Similar to a retail distance ball offering our most realistic practice ball.

2 PIECE RFT
DB02WR / DB02YR

Offers the same outstanding performance and appearance as our 2 piece ball but flies just 80% distance, specially designed for short or narrow ranges.

2 PIECE RFT
DB02WR / DB02YR

Offers the same outstanding performance and appearance as our 2 piece ball but flies just 60% distance, specially designed for short or narrow ranges.

BAY DIVIDERS

PREMIER DIVIDERS

DD01
DD02

Premier dividers have been designed to offer complete protection for customers as well as giving any range a great new look. They also offer the opportunity to create revenue from adverts from suppliers or local companies. The dividers are made from a heavy duty gloss PVC outer that has a PVC covered mesh centre to cut down on wind resistance and offer increased visibility down the driving bays.

Premier dividers come in 3 lengths and two height options as standard. We also offer a full made to measure service for dividers and stanchion covers to fit the individual requirements of each range. We offer two great solutions, either a standard or extended divider that offers greater protection by extending out over the front of the bays to stop wayward golf shots.

i-RANGE PRACTICE GROUND DIVIDER

DDS

Front: 1200mm x rear: 900mm x Length: 2000mm

The ideal solution to offer outdoor practice safety, this divider can be fixed to a hard surface or fitted with spikes to use on grass. Practice grounds at courses must now be regulated to meet insurance regulations, this product offers a cost effective solution.

BAY DIVIDERS

STANCHION COVERS

DS

Hardwearing PVC sleeves. Made to measure to fit your building. Padded with high density foam.

FLOOR COVERINGS

DFC

We offer the most competitive range of spike proof carpet tiles to improve the appearance of any range. Available in 20 colours.

NETS & TARGETS

PRACTICE NETS

DPN

Available in:-

- Single bay driving net 3.1 mtrs opening x 3.1 high x 6mtrs long
- Double bay driving net 6.2 mtrs opening with dividing nets x 3.1 high x 6mtrs long

To meet modern health and safety guide lines and insurance requirements we have designed a new practice net for warming up or general practice. The oversize aluminium lattice structure lets the golfer stand within the practice net so no balls can stray.

The frame is fully sectional and very easy to erect, and incorporates a unique fixing system requiring no tools to assemble and take apart.

The legs are made using the same 'Tri' section and incorporate large base plates complete with ground fixing holes. The main frame can be taken down just by removing 3 spring clips per leg leaving the base plates in situ.

NETS & TARGETS

I-Kan GC offer a large range of nets & targets to add interest to outfields and fun to customers practice.

BULLSEYE CHIPPING NET

DA08

150cm diameter

For medium distance chipping and pitching practice. Galvanised rolled steel made in the UK.

BULLSEYE STYLE TARGETS

DA30 3 metre

Powder coated steel frame with PVC covers and netting target . Available in different diameters.

BALL COLLECTORS

i-PICKER MANUAL

DP01H

- 1 metre wide
- 700 balls

Made to the same high standards as the i-picker, it offers a practical solution when ground conditions don't allow machine picking. Unique features include front balance wheel for easy pushing and adjustable handle to reduce back strain for any operator.

i-RANGE BALL PICKER

DP03/DP05

Size: 3m wide/5m wide

An industry leader since its introduction in the mid 80's. It has a capacity to collect over 50,000 balls per hour. They will pick up balls on the most uneven surfaces in all conditions, they have 360 degrees of rotation and do not leave gaps whilst turning.

BALL COLLECTORS

CLICKA BAG

DA09

CLICKA TUBE

DA10

BALL DISPENSERS

DL10 BALL DISPENSER

DDL10

Size: H 1.64m x W 1.02 x 1.14
Power: 240v 13amp

The DL10 offers the best value for money. This robust and reliable machine has a 10,000 ball capacity and has multi payment options. The tip tray delivery is flexible and can be altered to offer various amounts of balls.

i-SHOE STATION

DASS

This premier i-Range product has been designed and made in the UK, it features a full grab handle for stability and safety, twin air guns on long reach hoses for ease of use and trolley cleaning.

A rigid galvanised steel cabinet with powder coated finish and adjustable feet for uneven ground. Low maintenance oil free air compressor with a powerful 100PSI output.

STARTING NEW AT GOLF

Tools of the Trade

SNAG® is the easiest and quickest way to learn how to play golf and have fun. This is what makes it the leading 'first touch' equipment in the world. All of the attributes and details of conventional golf have been taken into consideration and included in the design of the whole product range. This was then linked to some innovative yet 'funky' teaching aids and the results were dramatic.

SNAG® is an acronym for starting new at golf and is simply one of the best ranges of products. This not only makes the game easy and fun but also makes teaching the game incredibly straight forward and simple. We offer a full training service in all aspects of SNAG® Coaching, using the equipment and the training tools that make such a difference.

Are you fully equipped?

SNAG is

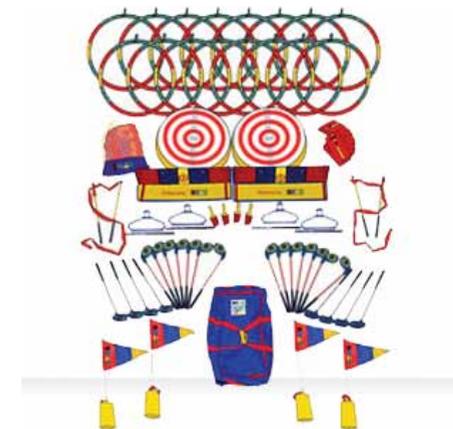

- Highly enjoyable
- Highly interactive
- Can be played anywhere
- Can be played by anyone

Coaching Kit

EUROPEAN GOLF SYNTHETIC SURFACES

Adventure Golf

Adventure Golf is a fun family activity and a great way to attract more visitors to your golf facility. An Adventure golf course is possibly the best way to introduce new people to the sport. This fast paced and lively game captures the interest of children and adults alike. Consider the transformation of any spare land at your driving range into an Adventure golf course and you are sure to attract lots of interest and new visitors. This new and exciting system is available from as little as £30,000 and will create a new revenue stream by attracting new visitors to your range.

EUROPEAN GOLF SYNTHETIC SURFACES

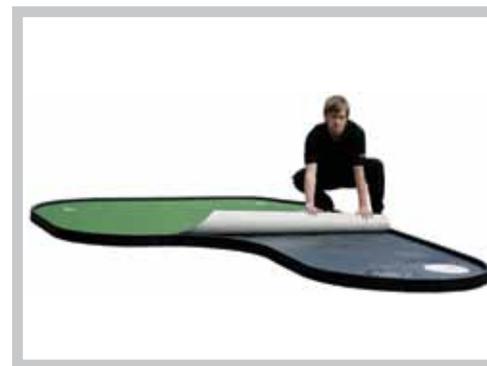

Short Game Facilities

Synthetic greens and tees provide a hard wearing entry level course (between 3 and 9 holes) with the ball reaction of real turf. Holes vary between 20 and 160 metres with bunkers and water hazards. Golfers can practice putting and chipping before heading out onto the full course. Another great reason for them to visit your range.

Target Greens

Make your range more attractive and memorable with a highly visible target. The coloured, nylon synthetic turf is installed over a stable stone base and sand filled to give a true bounce and ball reaction. Ball collectors can drive straight over the surface. Available as standard in 6m and 4m diameter circles, although custom sizes are also available. Available for DIY installation as well as full installation by our specialist crew.

Practice /Modular Greens

Ideal for indoors, these modular greens are the favourites of some of the top teaching professionals and golfers in the game. Can be used to increase the sale and custom fitting of putters and also as a teaching aid for the pros. Larger greens are also available for outdoor teaching or practice areas.
